December 2020
Help People Impacted by Lung Cancer
GET INVOLVED
While we entered the year 2020 celebrating the largest one-year drop in cancer mortality, it wasn’t long before a new “C” entered the national conscience: COVID-19. For the lung cancer community in particular, COVID-19 presents a unique threat.
In a year full of challenges for everyone, there was a silver lining for lung cancer patients in the form of the abundance of new approvals by the Food and Drug Administration (FDA).
Hippocrates made a keen observation more than 2,400 years ago, “It is more important to know what kind of patient has the disease than what kind of disease the patient has.” This statement could not ring truer then as it does now.
Thank you to everyone who sponsored, donated and participated in Simply the Best XV Virtual Gala on November 14, 2020. Your generous donations helped raise over $650,000 for the patient programs and lung cancer research for GO2 Foundation.
About Us

Founded by patients and survivors, GO2 Foundation for Lung Cancer transforms survivorship as the world’s leading organization dedicated to saving, extending, and improving the lives of those vulnerable, at risk, and diagnosed with lung cancer.
