

# Representation Matters!

Clinical trials can help anyone but did you know everyone is not equally represented?

Rates of participation for some racial/ethnic groups are much lower than others.

The percentages for clinical trials participation are: <sup>1</sup>

<sup>1</sup><https://acsjournals.onlinelibrary.wiley.com/doi/full/10.1002/cncr.28168>

Treatments work differently in people. It is important to understand how ALL people respond to them. So, representation from ALL people is vitally important.

# Representation Matters!

Make sure you and your community are represented in lung cancer research studies that can lead to new treatments.
