

PATIENT AND SUPPORT SERVICES

Navigate lung cancer with
compassion and support

GO₂
FOUNDATION
FOR LUNG
CANCER

Empower Everyone.
Ignore No One.

Find the Support for You

HelpLine

Connect with caring and experienced professionals ready to assist you with support, information, and referrals.

Lung Cancer Support Group Network

Search our list of lung cancer-specific support groups on our website or through the HelpLine. We can also help you find other support options in your area.

Peer Support

Connect with someone like you. Our Phone Buddy volunteers provide practical information, hope and support.

LungMATCH

Understand your treatment options and the importance of biomarker testing by contacting our experts. They can also help you find clinical trials to discuss with your healthcare team.

Lung Cancer Living Room

Join and interact with live presentations from lung cancer physicians, researchers, key experts every month via Facebook Live, YouTube, or in person. This monthly series is archived on our website.

Contact Us for Support

EMAIL | support@go2foundation.org

WEBSITE | go2foundation.org/support

Educational Materials

Obtain a better understanding of lung cancer through up-to-date educational materials. In addition to brochures, we offer a *360° of Hope* handbook in English, Spanish, and Chinese. Order free copies through our HelpLine or download from the website.

Lung Cancer Registry

Power lung cancer research and have a direct impact on the future of treatments. Sign up and get started at www.lungcancerregistry.com.

Online Support Communities

Connect and learn from others by joining one or both of our online support communities.

- **HealthUnlocked** links you to others via website. Join at www.healthunlocked.com/lung-cancer-support.
- **BELONG** is a mobile APP where you can speak to others, store medical files, track appointments, and access our education area. Learn how to join on our website.

GO₂ Foundation for Lung Cancer is working to change the reality of living with lung cancer by ending stigma, increasing research funding, and ensuring access to care.

We are the “go-to” local and global force serving and advocating for the needs of the entire lung cancer community: those at risk, diagnosed, vulnerable, and all others impacted or impacting the disease.

Deliver life-changing information and support services to the 10 million individuals at risk and living with lung cancer.

Empower millions to take direct advocacy action to achieve historic increases in federal research funding, new treatment approvals, and better access to high-quality care.

Advance world class academic, community and patient-centered research that spans the continuum of care.

Expand access to excellence in screening, care, and treatment to ensure that our community benefits from life-saving services closer to home.

Building, connecting and engaging our community across the country and around the globe.
